Kevin, have your CSO call me at 626 292-3302 or 818 624-3868 and I will have him talk to our parking enforcement people so he can get trained up, thanks...

Subject: Towing Cars

Jess,

Our CSO has noticed cars parked on Bradbury public streets for some time, as indicated by the cobwebs underneath the car. The CSO can mark cars for the 72 hour storage regulation per State Code, but it brings into question about towing vehicles.

Should the CSO mark a car, it doesn't move, and needs to be towed, what should he do? What forms and processes should he be aware of?

Thanks,

Kevin
